## Important Notes

- 1.** Please charge the battery at least once every three months if the power bank is not in regular use. Note that the device may become slightly warm during operation, which is normal.
- 2.** Always keep the power bank dry and avoid using chemical cleaning agents. Help protect the environment by recycling this device at the designated location.
- 3.** Only allow children or individuals who are not familiar with this device to use it under adult supervision.
- 4.** Do not subject the power bank to physical abuse such as bumping, disassembling, piercing, crushing, or exposing it to moisture.
- 5.** Do not connect this power bank to devices that do not comply with its output specifications as it may lead to malfunctions or a risk of fire.
- 6.** Please ensure the power adapter is suitable for use. Check both the connector and the adapter's functionality. We recommend selecting a reputable brand of power adapter for charging.
- 7.** If the power level of the mobile power supply is too low, charge it fully before use to ensure optimal performance.
