Replacement of the Fuse

This appliance is equipped with a 10A overload fuse. In the event of an overload, the fuse will automatically disconnect. Replace it with the provided spare fuse.

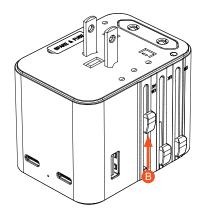

Remove the small cover to access the replacement fuse 1.

Remove the old fuse 1 and replace it with a new fuse 2. Only use a 10A type fuse.

Specifications

Rated Voltage	100-250V
Rated Frequency	50/60Hz
Rated Power	2500W Max
USB-C1/C2 Output (PD)	5V/3A, 9V/2A, 12V/1.5A, 18W Max
USB-C1/C2 Output (PPS)	3.3-11V/2.2A
USB-A Output	5V/3A, 9V/2A, 12V/1.5A, 18W Max
Total Output	5V/3A, 15W Max
Total USB Ports	2 USB-C, 1 USB-A
Fuse Protection	Built-In 10A Fuse + Spare Fuse
Supported Plugs	USA, UK, EU, AUS
Model Number	FWC065

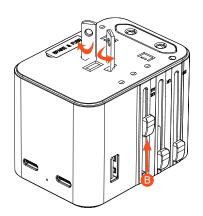

Instructions for Use

Using the USA Plug:

Fully slide down the USA/AUS plug as indicated by arrow B. Ensure the two contact blades are positioned parallel to each other. To retract the plug, press the square release button and slide the plug back into place.

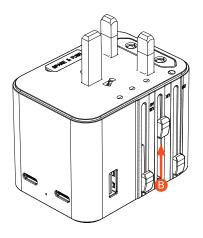

Applicable countries: America, Canada, Japan, China Taiwan (Two-pin flat plug)

Using the AUS Plug:

Fully slide down the USA/AUS plug as indicated by arrow B. Rotate the contact blades to the angled ('\/') position. To retract the plug, press the square release button and slide the plug back into place.

Applicable countries: Mainland China, Australia, New Zealand (Angled two-pin plug)

Using the UK Plug:

Fully slide down the UK plug as indicated by arrow B. To retract the plug, press the square release button and slide the plug back into place.

Applicable countries: United Kingdom, Hong Kong, Malaysia, Singapore (Three-pin UK plug)

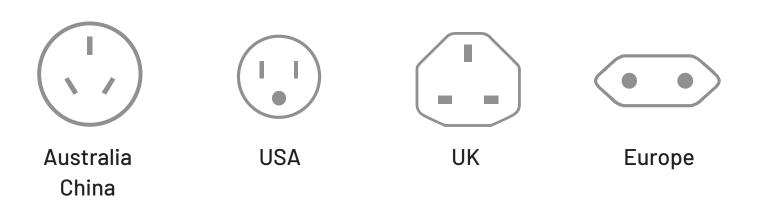

Using the EU Plug:

Fully slide down the EU plug as indicated by arrow B. To retract the plug, press the square release button and slide the plug back into place.

Applicable countries: Germany, France, Netherlands, Belgium (EU universal round-pin plug) ··· ·· ··

Compatibility

This product is compatible with most electronic devices rated up to 2500W at 250V and 1000W at 100V. It can accommodate various appliances, including cameras, iPads, iPhones, MacBooks, Android smartphones, power banks, headsets, gaming consoles, electric shavers, GPS units, and other similar devices. Before use, always verify the voltage and wattage requirements on the device's safety data sheet or data plate.

- 1. This adapter plug does not convert voltage. Always ensure that the appliance's input voltage matches the local power supply voltage. This adapter does not provide grounding.
- 2. Disconnect the adapter from the wall socket when not in use.
- 3. Do not use the adapter if the housing is damaged.
- 4. Do not use with appliances requiring an earth (ground) connection.
- 5. Avoid exposure to liquids or moisture.
- 6. Never handle the adapter with wet hands.
- 7. Do not use the adapter with electronic devices exceeding its rated capacity (2500W at 250V; 1000W at 100V).
- 8. Keep the adapter away from children.
- 9. Protect the adapter from physical impacts or shocks.
- 10. Do not use or store the adapter in high-temperature environments.
- 11. For indoor use only.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
